RCSA offers discount on InterviewGold to members

The RCSA's business arm, Remaginet, has partnered with interview training company **InterviewGold**, to offer a discounted product for member companies.

RCSA chief executive Julie Mills Association said the web-based coaching program would ensure applicants had the best possible chance of succeeding at the interview stage.

"This has a flow on effect for the consultant, who can rest assured that the candidates they put forward will perform well," Mills said.
